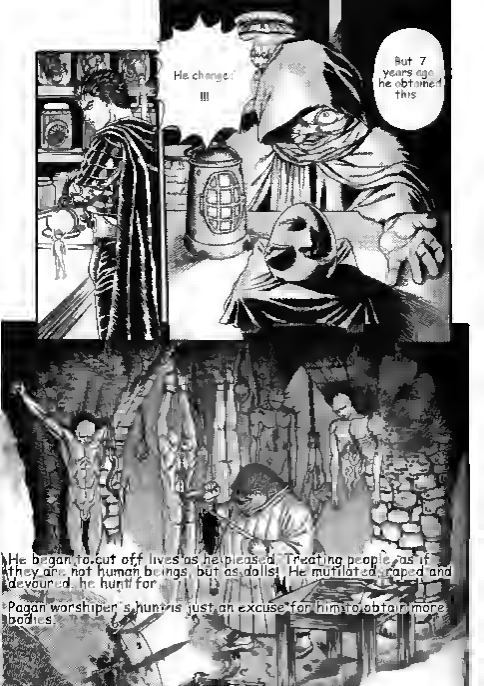
Behelit
!?
Y you know what this thing is !?
.....
!!

Gutts !!!
H...
H!
..... Who the hell are you?
And where did you get this?
I It's not mine. !!
It's from the castle. I stole it from the Count .!!
I I saw it!!

Tell me
Everything you know
My name is Wyngas. I was the castle's doctor
but at least he was human
The Count wasn't always like that. He was a cold-hearted man



He changed!!!
But 7 years ago he obtained this
He began to cut off lives as he pleased. Treating people as if they are not human beings, but as dolls! He mutilated, raped and devoured, he hunt for
Pagan worshipers hunt is just an excuse for him to obtain more bodies.

I could not endure that. So with my wife and two sons I secretly fled from the castle — But We were caught on the way
Hmmm
He then mutilated me
I still remember the scene very clearly
right in front of my eyes, my wife and ... my son

I I

I was so scared like a captive of fear

At that time

Instead of anger or sorrow

Instead of concern for my wife and sons

.....?

I used a drug that I had to fake my death then

when I had a chance I slipped out from the castle taking with me the one thing that was a miracle

7 years have passed since then. During that time
I have tirelessly researched God religion and the occult
the facts about th s thing
what is it?
But I was unable to uncover
A key that opens a door to another world that overlaps this world
To monsters of a strange dimens in that have long been influencing mankind's darkest hours
!
A key

A key to summon the 5 God Hands

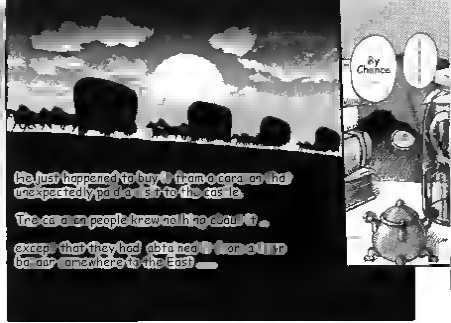
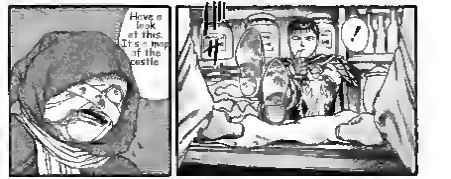
How was the Count able to obtain this thing?
?
?



By chance
He just happened to buy it from a carpenter who unexpectedly paid a visit to the castle.
The carpenter knew nothing about it, except that they had obtained it on a visit to an area somewhere to the East.

By chance huh?



Have a look at this. It's a map of the castle
